## Western Front Tour 26 May to 7 June 2013 : Questionnaire

---

*\*\* Please take a moment to fill in both sides of the questionnaire.*

How did you find out about the Western Front Tour operated by this company?

via the WA ARMY MUSEUM where my husband is a volunteer

Did you get enough information to adequately prepare?

(If "no", what further info would you have liked to have been supplied with?)

yes - went to 2 information days.  
information sent from tour operator.

Is there more the operator could reasonably do to prepare you for the tour? If "yes", then please list.

No.

Were you satisfied with the tour - ( comments, suggestions welcomed).

Yes.

In value for money: Yes considering some meals provided at lunchtime, good hotels, good bus. Helpful staff.

In programme content and variety:

Excellent information re tour.  
Days longish but not too long considering the amount of sights to see.  
good breaks in a couple of days.

In the operation of the programme (timings etc):

Timings excellent - started on time and early and finished at a reasonable time so we could sleep, wash, drink etc!!
